

Churchfields Infants' School, Nursery Unit & Language Facility
E-SAFETY / MEDIA SITE AGREEMENT FORM

NAME OF CHILD:

CLASS:

Internet and ICT: As the parent or legal guardian of the pupil named above, I grant permission for the school to give my child access to:

- the Internet at school
- the school's chosen email system
- the school's online managed learning environment (*Fronter*)
- ICT facilities and equipment at the school.

I accept that ultimately the school cannot be held responsible for the nature and content of materials accessed through the Internet and mobile technologies, but I understand that the school takes every reasonable precaution to keep pupils safe and to prevent pupils from accessing inappropriate materials.

I understand that the school can, if necessary, check my child's computer files and the Internet sites they visit at school and if there are concerns about my child's e-safety or e-behaviour they will contact me.

Social networking and media sites: I understand that the school has a clear policy on "The use of social networking and media sites" and I support this. Pupils will be taught:

- We think before we click.
- We think before we upload comments, photographs and videos.
- We think before we download or forward any materials.
- We think carefully about what information we share with others online, and we check where it is saved and check our privacy settings.
- We make sure we understand changes in use of any web sites we use.
- We block harassing communications and report any abuse.

I understand that the school takes any inappropriate behaviour seriously and will respond to observed or reported inappropriate or unsafe behaviour.

Any actions online that impact on the school and can potentially lower the school's (or someone in the school) reputation in some way or are deemed as being inappropriate will be responded to.

In the event that any member of staff, student or parent/carer is found to be posting libellous or inflammatory comments on Facebook or other social network sites, they will be reported to the appropriate 'report abuse' section of the network site. (*All social network sites have clear rules about the content which can be posted on the site and they provide robust mechanisms to report contact or activity which breaches this.*)

In serious cases we will also consider legal options to deal with any such misuse.

The whole school community is reminded of the CEOP (Child Exploitation & Online Protection Centre) 'report abuse' process: <https://www.thinkuknow.co.uk/parents/browser-safety/>

I will support the school by promoting safe use of the Internet and digital technology at home. I will inform the school if I have any concerns.

I have read and understood the above information:
