Growing Together: Every Day In Every Way

Hero Day!

What a great day! Everyone has had so much fun dressing up and learning about inspiring heroes. Simone Biles, Harry Houdini, Coco Chanel, Mary Anning, Doctors, Firefighters, Mae Jemison and even a child dressed as her brother! There was a huge range of heroes and the children were able to explain why they chose to dress up as that person.

Our charity this year is Great Ormond Street Hospital, which has special importance for us in school at present.

Thank you for your donations so far which are being counted at the moment and we will let you know how much money we have raised after half term.

Half Term Message

Thank you for a wonderful start to the school year, the children have enjoyed learning and meeting new friends. We hope you all have a lovely half term break.

Please remember Monday 31st October is an Inset Day and children return on 1st November.

Don't forget, clocks go back on the 30th October.

Reading With Year 1

The children have been doing lots of learning around the story 'That Pesky Rat' by Lauren Child. One of the activities was to design the title character a new home. Before they got to drawing however, the children had to first come up with design criteria for their new rat homes. One class's criteria was as follows...

Rat home design criteria:

1. Somewhere to rest and sleep.
2. Somewhere to drink and eat.
3. Somewhere to wash.
4. Somewhere to be entertained.

The children then drew, labelled and decorated their designs before evaluating them against the agreed design criteria. Just in this one activity some excellent English, Design and Technology, PSHE and Art learning took place. Great job Year 1!

Online Safety

As we approach our first half term holiday, here are some helpful tips to keep children safe while online:

1) Parental controls: Parental controls have been designed to help you manage your child's online activities. There are various types, some of which are free but others which can be bought. However, nothing is totally fool proof so this shouldn't replace the support and guidance you give your child to help keep them safer. For more information and step by step instructions on setting up parental controls, visit [Parental Controls & Privacy Settings Guides - Internet Matters](#).

2) Supervise their online activity: Keep the devices your child uses in communal areas of the house such as the living room or kitchen, where an adult is able to supervise. Primary-age children should not access the internet in private spaces alone, such as in a bedroom or bathroom.

3) Explore together and chat little and often: Ask your child to show you their favourite apps, games and sites and encourage them to teach you how to use these. Ask them if anything ever worries them online. Make sure they know they won't be in trouble and can get help by talking to you or another adult they trust if anything happens online that makes them feel worried, sad or scared.
