Science with Reception

This week, Reception have been learning about arctic and antarctic animals. We discovered a lot about polar bears and penguins, we also learnt about their habitats and the locations of the polar regions by using an atlas.

Philosophy Friday

Have a go at this question at home with a grown up!

Where would you choose to live... in a cave underground or at the top of a skyscraper?

WOW Badge Competition

Thank you to all of the children who entered the WOW Walk to School Badge competition. There were so many amazing entries, it was very hard to choose just 3!

The entries that have been submitted were Freya from Giraffe class, Nazia from Penguin class and Ayan from Turtle class.

Congratulations and let's keep our fingers crossed for the final.

Daffodils

The children in Year 1 have independently handcrafted an array of beautiful daffodils with Mrs Pert.

We are celebrating Spring as well as refining our fine motor skills.

We have displayed them around the school for everyone to enjoy.

Parent Workshops

We believe that children achieve their very best when we work in partnership with our families. This term we will be resuming our popular parent workshops that provide a valuable opportunity for you to understand how you can support your child at home with their learning.

Workshops will begin at 5pm and we will send further details very soon.
