### Penguins & Turtles at the Discovery Centre

This week it was the turn of Penguin and Starfish Classes to visit the Discover Children's Story Centre in Stratford, as part of the Year 1 English curriculum. As before, this was the children's first school trip travelling on the tube, and they were excited to explore the 'Monster Fairground' that had been set up in the Discover Centre for them! They also enjoyed the role play activities and took part in a Drama session where they worked together as a class to design their very own monster to visit the Monster Fairground! Children were able to use an impressive range of descriptive language to explain their monster in more detail! We would like to thank the children for representing our school so well, and also the adults who accompanied us and kept the children safe and happy throughout! Thank you everyone! For more photos, have a look on our website, [here](#).

## Enrichment Clubs

We offer extra-curricular clubs that are led by our school staff and have been a huge success. In the past we have offered a range of clubs including chess, craft, art skills, philosophy and book club.

If you are entitled to Pupil Premium/FSM funding, you will be able to book one club each term at 50% reduction. We also offer clubs through our partnership with Coach Jai and may offer football, cricket, multi-sports and gymnastic, varying each term.

**At present, there is still some availability within Tea Time Together and a variation of Coach Jai's sports clubs.** Please find more information on our website [here](#), including the link to [ParentPay](#), which is the system used to book spaces within clubs.

## School Uniform

Thinking ahead to the new year, and for all of our new families joining, please be reminded of our school uniform policy. At the bottom of this newsletter, you can find an Ordering Guide from our school's uniform supplier, [School Uniform Direct](#). More information regarding this can be found on our website, [here](#). There is also our pre-loved clothes rail available outside the infant office.

We ask that in the **Infant School**:

- modesty shorts (if worn) should be in school colours
- over-the-top headbands (unicorns etc.) and earrings are not permitted in school
- socks and tights should be in school colours
- sensible plain black school shoes

In **Nursery**:

- a white polo shirt
- navy blue joggers or shorts

## End of Year Concerts

It's nearly time for our End of Year Concerts!

**Please read the following information carefully:**

As we are a large school, we perform each concert twice to accommodate our 120 families in each year group and ask that the parents/carers from two classes attend on each day. Our school hall is fairly small so please attend on your assigned day and keep guests to **two** per family so we can fit everyone in comfortably.

Please also note that we do not allow siblings or babies/children to attend our concerts. We know that this may come as a surprise to some of you but this system works really well. Our children work very hard to perform for you and, with younger siblings in the audience, it is not always possible to hear our children speak or act. In the past, families have been supportive of this measure and have enjoyed giving their performing child their full attention. Please find suitable arrangements if you have other children.

We would like to thank you for your support in this matter.

For afternoon performances, we will open the pedestrian gate 15 minutes before each performance is due to begin so please do not feel the need to arrive before this time. For morning performances, we will lock all gates as usual for safeguarding purposes and then open the year two gates at 9:10. This allows us to register the children safely before the concerts begin.

Can you copy and continue an AB (two part) repeating pattern?

You could try this with blocks or with other materials such as small toys, leaves and twigs or by printing and sticking shapes on long pieces of paper? Remember that these patterns do not need to be linear/in a straight line and can be cyclical too.

If you want to challenge yourself, you could progress to more complex ABB or ABC repeating patterns.
